

40 Years
WILDLANDS LEAGUE
protect the spaces you love

Even though it's illegal in Ontario's 630 protected areas, the province is still willing to turn a blind eye to logging in our oldest and most revered Park.

Will you Take the Plunge for Ontario's Polar Bears?

Do something small for climate change!

Sunday, December 14, 9:30am at Sunnyside Beach

Ontario is home to the world's southern-most population of polar bears. Their habitat in the northern Boreal region is one of the largest intact carbon storehouses in the world and it is under threat from industrial development. Protecting this storehouse helps stave off the worst impacts of climate change.

CPAWS Wildlands League's new campaign, **On Thin Ice**, will be kicked off with a Polar Bear Swim! Join us Sunday, December 14, 2008 at Sunnyside Beach, Lakeshore Blvd West, Toronto (at Parkside Drive, near the Sunnyside Pavilion cafe). Registration for swimmers begins at 9:30am and we'll hit the water at 10:00am.

You can do something small for climate change and Ontario's Polar Bears by supporting this event:

- [Participate](#) in the swim
- [Sponsor](#) a swimmer
- [Volunteer](#) to help with this event
- [Come and cheer](#) the swimmers on!
- [Tell a friend](#) about the event - DARE them to take the plunge for Ontario's Polar Bears!

For complete information about this event please visit our [website](#). We hope to see you on the beach on December 14th!

Did You Know?

That the Federal government has just listed the snapping turtle as a species of special concern (under the Federal Species at Risk Act), while Ontario is proposing that they be hunted in Kawartha Highlands Provincial Park?
