**Historic Agreement for Canada's Boreal Forest**

After two years of negotiations an agreement has been reached between nine leading environmental organizations and the Forest Products Association of Canada (FPAC) with respect to harvesting in Canada's Boreal Forest.

CPAWS was a leader in helping reach common ground and chapters, like Wildlands League, will play instrumental roles in the implementation of the agreement, guaranteeing millions of hectares are protected for caribou.

The Canadian Boreal Forest Agreement...

- applies to **over 70 million hectares of Canada's Boreal forest** licensed to FPAC member companies across the country.
- commits these companies to **world-leading sustainable forest management practices** and conservation planning.
- focuses on **protecting the Boreal woodland caribou's** critical habitat.
